President's Death Mourned Here

Deputy Sheriff Ryan Seizes Still Operated In Private Home

Crane's Sanitarium Destroyed By Fire; Patients Are Saved

DISTURBANCE LEADS TO THE DETECTION OF UNLAWFUL PLANT

Smells Mash In Exclusive Residence Section and the Arrest of William Callan Follows.

It is quite possible to make a living off a city lot in an exclusive residence section, providing you make your own moonshine. So William Callan of Woodleaf Park thought before Deputy Sheriff Joe Ryan descended upon the Callan residence Monday and confiscated a 30 gallon still and some of its product. Callan was arrested after the search warrant in the hands of the officer revealed the illicit outfit and moonshine said to be the property of the man now in jail, charged with manufacturing and possessing liquor contrary to law.

Callan's undoing came about as a result of a quarrel with his housekeeper the night before his arrest. He became so abusive to the woman and her children that neighbors sent for the deputy sheriff to quell the disturbance. When Ryan arrived at the premises, all was in darkness and quiet reigned, but Callan appeared and was told by the officer to "cut out" the rough stuff. During the interview Ryan, who has become quite a booze sniffer since having to enforce the Wright Act, detected suspicious fumes. He took another whiff and was convinced that his nostrils did not deceive him as to the presence of mash and jackass on the premises. Having no search warrant, he quietly departed, but the next day, armed with the necessary document, he visited Callan's home. In the rear of the house where a canvas lean-to had been rigged up. Officer Ryan found the still.

Callan is in jail in default of $1000 bail required by Judge Small.

MOUNTAIN RANCH RAIDED BY DRY AGENTS

B. Ferenda and Capt. O'Donnell's Places Visited By Prohibition Agents Who Seize Liquor and Make Arrests

Coming from San Francisco to Sonoma Valley and finding their way up the steep mountain road, three miles above Agua Caliente, prohibition agents said to have been aided and abetted by a disgruntled ex-bootlegger of the resort section, visited the vineyard ranch of B. Ferenda, formerly the Nichelini place, and arrested the owner last Saturday. He was charged with illegal posession and sale.

The prohis next made their way to the O'Donnell ranch, a mile or two beyond the first place raided and after producing a warrant alleging the posession of illicit liquor, arrested Capt. O'Donnell. The Captain purchased the mountain ranch a year or so ago and has been conducting a family resort, catering largely to San Francisco people.

Wine found in the Ferendo cellar is said to have been confiscated. It was made from grapes grown on the place. The Ferendo ranch is not a public resort, the vineyardist's family alone residing there. They came to Sonoma from Crockett about three years ago.

Another raid was later staged at the Hotel Chauvet, Glen Ellen.

Miss Anderson and Jep Valente Wed July 20th

Well Known Bachelor of Sonoma Claims Esteemed Young Woman As Bride.

At a quiet wedding ceremony performed in Fairfield, Solano County, on July 20th, Jep Valente, popular bachelor and business man of Sonoma, was married to Miss Johanna Anderson, daughter of Mrs. C. Anderson of Broadway.

The happy couple kept the wedding a secret for several days, intending at first to wait until Valente's auto bus season would permit of a honeymoon before announcing the nuptials. However, news of the wedding leaked out and the newlyweds have been busy all week accepting the congratulations of their many friends.

The bride, who is a trained nurse, graduate of an Illinois college and formerly identified with the sanitarium at Battle Creek Mich. has made her home with her mother for the past three years. She is a young woman of many splendid traits and in ministering to the sick and afflicted here has won the high regard of a large circle of friends and admirers.

Mr. Valente, chief of the fire department and all around good fellow, is popular with all classes of people and is widely known by the traveling public since taking over the Sonoma Valley and San Rafael auto stage line which he purchased with F. Stuermer three years ago. Through industry and careful management, combined with courtesy, this business has grown to splendid proportions.

Besides being a successful business man, the groom is a prominent Native Son. His mother is Mrs. Mary Valente, a pioneer property owner of Sonoma

Mr. and Mrs. Valente will reside on Broadway where they have purchased a home.

ASHES OF FATHER ARE TO REST HERE

Louis Litzius, who is employed by the Municipal Railway Company of San Francisco, was here Saturday and Sunday last. He brought the ashes of his late father, which were interred in Mountain cemetery.

Mr. Litzius received the sympathy of many old friends in the loss of his father and also took several copies of the Index-Tribune with the account of the death of his parent. One of the papers will be sent to his sister, Mrs. Clara Fields of Long Island, former Sonoma girl who married a wealthy New Yorker.

ST. FRANCIS BENEFIT IS WELL ATTENDED

The annual benefit for St. Francis church, given at Boyes Springs Theatre Friday of last week was largely attended. An excellent vaudeville program was put on by clever San Francisco talent and the dancing which followed was enjoyed by all dance lovers, Art Hickman's music being the special attraction.

Sonoma Valley Pays Respect To Late National Executive.

Sonoma Valley experienced a profound shock when news of President Harding's death was received here by radio early Thursday evening. About 8:45 the news was broadcasted from San Francisco and contained the meagre information that his death had occurred at 7:20; that he had expired suddenly while his wife was keeping vigil at his bedside.

The greatest sorrow was expressed throughout Sonoma Valley. At the conclusion of the moving picture at Boyes Springs Theatre, the sad message was read to the audience by W. B. Cause, who requested the assemblage to rise and after a minute's silent prayer the evening program was canceled out of respect to the national chief.

Flags throughout the valley are at half mast today for the late president and widespread are the expressions of sorrow at his passing.

The remains of the distinguished American are already speeding across the continent to Washington, D. C., the official funeral cortege consisting of the party which set out for the presidential trip to Alaska, including the widow and other members of the Harding family.

Two soldier and two sailor representatives will act as guards at the casket day and night during the sad journey eastward

President Harding Crosses Great Divide

It is with deep regret and sorrow that we record the death of President Warren G. Harding, chief executive of the United States, who passed away at the Palace Hotel in San Francisco on Thursday, August 2, 1923, at 7:20 p. m., on the eve of his hoped-for recovery. All newspapers of California, and other States of the Union will mourn the passing of this splendid representative of the journalistic craft who rose by hard work and real merit to the high place he so ably and all too conscientiously filled.

It was his deep concern for the United States and every phase of the welfare of his country that brought on his fatal illness. With true newspaper instinct, he journeyed to Alaska to get first-hand the information which was to be his guide in advocating policies for the development of that great empire. With true newspaper instinct he sought to get in personal touch with the people of the Far West that he might carry first hand to them the message of his peace plan.

President Harding established a contact that will not soon be forgotten and the confidence and loyalty of a grateful people will be proven when national sorrow has subsided. In the beautiful city by the Golden Gate, our beloved leader was to find the peace everlasting. Far beyond the portals where sinks the western sun to rest, into those infinite council halls whence other great men have preceded him, has gone Warren G. Harding. There he will take his proud place and realize the great ideals which he visioned and hoped for here.

It is for us who remain to strive for the attainment of all our President divined for the well being of America. He has pointed the way. Let us follow.

To the devoted wife who knew the tender devotion of the high official as she knew his love and tenderness in the days before success, the heart of California wells with sympathy. May the Almighty in His Goodness give her strength and an abundance of faith to bear her sorrow.

INDEX-TRIBUNE RADIO PROGRAM BIG SUCCESS

Despite the disappointment of not hearing President Harding over the radio Tuesday evening, the program arranged for by the Index-Tribune and S. A. Robinson, in conjunction with L. A. Drake, the Santa Rosa radio expert, was enjoyed by a large crowd Excellent musical numbers, a talk on the World Court plan and bulletins from the bedside of the President were listened to with keen interest.

Drake used the Atwater Kent radio outfit with a loud speaker, and the program was heard perfectly within a radius of two blocks.

Messrs Wicker and Cereghino left this week for a deer hunt up North.

T. G. HOLLABAUGH ASKS FOR EXTENDED LEAVE

T. G. Hollabaugh has asked for an extended leave of absence from the Sonoma branch of the Central Bank where he has been manager since its purchase from the Sonoma Valley Bank. The request has been granted and Andrew Smith, already favorably known to bank patrons is now manager of the local institution. Mr. Hollabaugh did intensive and conscientious work for the bank while here and overtaxed his health. He is said to be considering going on a ranch which he owns near Stockton. The leavetaking of Mr. and Mrs. Hollabaugh would be greatly regretted.

Frank M. Burris left this week for a fishing trip in Mono county.

Esteemed Lady Is Called to Her Eternal Home

Mrs. J. C. Shofner Succumbed to Pneumonia and Was Laid to Rest Sunday Last.

Mrs. J. C. Shofner, wife of a prominent Sonoma orchardist and daughter of a pioneer Californian, the late Wesley Jackson, was claimed by the Angel of Death on Friday of last week after a brave battle with pneumonia. For a week or ten days she had been critically ill at her beautiful home east of town and her husband also was stricken.

Despite skilled nursing and the best of medical skill, the loved wife and mother passed away. Mr. Shofner is steadily recovering, but the shock of the death of his gracious helpmate has been a great blow to him.

Surviving Mrs. Shofner are also a daughter, Mrs. Lemons of El Centro, California, and three grown sons, Webb C. of Portland, Henry of Los Angeles and Wesley J. of Sonoma.

Deceased was 65 years of age, the daughter of a prominent and wealthy family and was a graduate of Mills College. Her father, Wesley Jackson was an associate of the late Alvinzo Haywards, and was identified with big business interests in the Northwest, including fishery projects around Puget Sound, and the canning industry of the Columbia River. At the time of the marriage of Annie Jackson to J. C. Shofner, the young groom was a second lieutenant in the United States Army, stationed at Vancouver Barracks. The wedding was a brilliant one at the bride's home in Portland, Ore. After a year or so Lieutenant Shofner left the service and engaged in business in the North, where the happy couple prospered and reared their family.

Some years ago the Shofners located in Sonoma Valley, where they built a beautiful home on the former O. B. Shaw ranch, which they purchased.

Mrs. Shofner was a lady of culture and refinement and despite many bereavements, bore herself with the greatest fortitude. She was a devout Christian and found great solace in her faith. She was affiliated with the Baptist church of Napa.

The funeral took lace Sunday under the direction of D. C. Treadway & Company of Napa Interment was in the family plot in Mountain cemetery and was attended by many sorrowing friends and relatives

Beautiful flowers bore silent messages of condolence to the bereaved husband and children.

DEFECTIVE FLUE IS SAID TO BE CAUSE OF DISASTROUS FIRE

Sonoma And Boyes Springs Departments Respond to Alarm; Handicapped By Lack of Water.

Yesterday afternoon, shortly after 2:30 o'clock, Crane's Sanitarium took fire on the roof, presumably from a defective flue, and despite a heroic fight by the two fire departments of Sonoma Valley, burned to the ground Patients including Mrs. Enrico Castagnasso, P. Miller and Oliver O'Dell were carried to safety. Intense excitement prevailed as Mr. and Mrs. Crane and Mrs. Reed, the nurse, assisted by many volunteers and local doctors, sought to save valuable surgical instruments and the building's contents Mrs. Reed remained on the upper floor until the ceiling fell in and had to be taken out by a ladder. Dr. Hays also had a close call from injury as did R. G. Lichtenberg and others. The firemen did heroic work, but were hampered by the lack of water.

The Crane Sanitarium is Sonoma Valley's only hospital and the loss will be a great one to the community. There has been talk of building a larger, more modern fire proof hospital for some time past and some money for it has already been pledged. Its need is now imperative.

The trustees declared the matter not within their jurisdiction, but agreed to confer with the city treasurer and request him to divide up the public funds.

A large crew of section hands have been busy cleaning up the right of way and yards around the S. P. depot. El Verano is getting to be a real railway center, the large Roseville fruit trains all stopping at this station. If present plans are carried out, large passenger trains enroute to northern states will also be run over the Santa Rosa division, making it a main line. Business on this division is better than it has been for many years.

Bill Caufield and Harry Howe, recently at Salinas, but now on the road to recovery and famous the entire world over as a buckaroo, were in town Saturday.

T. Boissonneau was a bay city visitor over Sunday. Mr. Boissonneau is having built a new bungalow in South El Verano, which is nearly completed.

A sneak thief last Friday, a Weary Willie, entered one of the cottages at Boyes Springs and got away with a valuable wrist watch. The knight of the road then made his way to El Verano, where he attempted to dispose of the watch for $5.00. Deputy Sheriff Joe Ryan was notified of the stroller's presence in town and immediately got on the job, but the alleged thief had dropped out of sight without selling the plunder.

El Verano French Cottage, one of the oldest summer resorts, is enjoying the usual good run of summer boarders. The hotel being filled with guests over the week end, tents were erected to accommodate the pleasure seekers. Mr. and Mrs. P. Verdier are proprietors of this popular summer resort and through their fine management have always entertained a large number of summer visitors. Entertainment and dancing each evening are enjoyed by the guests.

Miss Doris Nonella was a Sunday visitor from San Francisco at the Nonella home here. Miss Doris is head operator in one of the bay city phone offices.

R. B. Houston, traveling agent for the Traffic Department of the S. P., out of Santa Rosa, has been appointed district freight and passenger agent for the company with headquarters in San Francisco. Houston is very well known in Sonoma Valley and started railroading for the company as a steam pump engineer at Crescent City Oregon, back in 1884. Along the rail line Houston is popular and is prominent in fraternal circles. His home is in Santa Rosa.

Billy Wyatt, navy yard worker, was in town Snday, visiting relatives and greeting the natives.

Ed Benson, genial manager of the bottling works at Agua Caliente, has just had completed a new bungalow at that place. Contractor White erected the building.

The greatest of heavyweight matches, between Jack Dempsey, American world champion boxer, and Louis Firpo, Argentine challenger, in New York City on Sept 14th, has been arranged Firpo, a good aspirant for world glory, has been knocking 'em cold and this battle will be watched with interest Our champion likes fighters of Firpo's calibre and no doubt, when the Argentine bull comes at Jack, head down and arms swinging, Mr. Dempsey is just going to disconnect his head from his shoulders. Sporting men all over the entire country are looking forward eagerly to this match.

Miss Eleanor Miller is spending the week with San Francisco relatives.

Mrs. A. Swenson is shopping and visiting in San Francisco this week.

Theatrical lovers from El Verano who went to the Hippodrome Theatre in Napa Sunday to see the celebrated Klopstock brothers were Henry and William Baines, Dave Fornia, Bill Johnson and John Larson. ALMOST SCALPED BY APPLE GRADER

Serious lacerations of the scalp were received by Miss Louise Buvelot Sebastopol girl, when her hair caught in an apple grader at No. 2 packing house at 8:30 o'clock Monday morning.

The accident occurred when Miss Buvelot leaned forward in an effort to pull the apples down into the bin from which she was packing. Her hair became entangled in the cogs of the grader and she was pulled off of her feet. The grader drew her head a gainst the wheels of the machinery, severely lacerating the scalp.

In effort to free herself, Miss Buvelot raised her hands to her head, catching them in the machinery. Her screams for help were heard above the noise of the packing house machinery and due to the quick work of the foreman, the graders were stopped within a short time.

ACTUAL WORK ON CARQUINEZ BRIDGE BEGUN

Moving an acre of earth and rock thirty-five feet deep the American Toll Bridge Co. Monday afternoon began the actual construction of Pier No. 1 and the great ten acre approach concoures for the Carquinez Straight bridge between Vallejo and Crockett.

The shaking up of the hill top marks the beginning of work on the Solono side and it was attended by several hundred dignitaries of the county of Salono and the city of Vallejo, including Rear Admiral Josiah S. McKean, Commandant of Mare Island, and Aide Lieut. Commander, J. B. Oldendorf, representing the United States Navy; Mayor Arthur H. Draughon of Vallejo; Supervisor Jack Thornton of Solano county; Dr. J. J. Hogan, President of the Vallejo Chamber of Commerce and scores of Vallejo business men.

Aven J. Hanford, president of the bridge company, and the man who conceived the idea of a bridge at that point, for which the Supervisors and theWar Department granted permits, set off the blast of six hundred pounds of black powder which threw the hill top high into the air and made easy work for the steam chovel which began immediately.

Thos. F. Magill of Vallejo has the contract for moving the 60,000 cubic yards of earth which will bring the hill down to the level of the bridge one hundred and thirty-five feet above high water.

Chief Engineer Charles Derleth Jr. of Berkeley was in attendance and gave the assemblage a brief sketch of the progress of the work on the bridge which began on April 2nd, fifteen days before the War Department granted the official permit for the cantilever type of bridge.

Actual construction of the bridge began at that time and work has continued night and day since.

Borings have been sunk in the bed of the straits under difficulties seldom encountered in bridge engineering and more are being made daily to prove out the character of the foundation rock. All borings have had to be made with a diamond drill through an eight inch pipe run to the river bed.

This work, while invisible to the general public and not so spectacular as the setting of a whole top in motion, as has been done by this time, was just as necessary and important part of actual construction as it was necessary to know the character of the underlying rock foundation before the character of the superstructure could be determined.

Pier 1 is now in course of construction, piling has been driven for other shore piers and part of the viaduct on the Contra Costa side has been built. From now on the construction will be of the type that anyone can see and the bridge will be ready for traffic July 4, 1925, if not before.—Vallejo Times-Herald.

JUDGE AND FAMILY ARE EARLY MORNING VISITORS

Judge Rolfe Thompson and family of Santa Rosa who have been on a motor trip to Seattle and vicinity, returned the first of the week, arriving in Sonoma Valley at 5:30 Sunday morning after an all night drive to escape the intense heat encountered up north. They surprised their friends Mr. and Mrs. Edgar Clements at the above mentioned hour, the Judge being just in time to join Edgar Clements on the gold links. The jurist and Sonoma golf enthusiast at once repaired to the Valley of the Moon Golf and Country Club, where they had a friendly game.

Judge Thompson and his family were delighted to be back again in Sonoma county's invigorating climate

GARNET HOLME'S REDWOODS DRAMA

Garnet Holme is to produce the play that he and Dan Totheroh wrote in collaboration last year, "Ersa of the Red Trees." This play has been adopted by the Save the Redwoods League. The giant forest in the National Sequoia Park will be the scene of the performance on August 11th, and 13th. Katharane Edson plays the lead and does some wonderful dancing beneath the General Sherman, the oldest living tree. The play ends with the following stirring appeal for the preservation of these monarchs of the forest:

May God preserve these Redwoods to our land,
The splendid symbol of His great design,
Which to these Western shores alone are granted.
Sacred they are, born in some distant time
Too far away for man to rightly know.
The soul of Man goes groping through the ages,
Seeking to know the truth of life and death,
The while these trees proclaim their silent message,
Through deeds and not by words they tell His word:
"Stand firm, grow straight, and keep your gaze forever
Fixed on the stars, where the Great Maker dwells."

The National Sequoia Park is 35 miles beyond Visalia, on excellent highway.

THEO KISER AND C. TRACY GOT DEER OPENING DAY

QUANTITY PRODUCTION OF FORD AUTOMOBILES

The Ford Motor Company is now on its way toward the 9,000,000 motor it became known last week when it was announced that Motor No. 8,000,000 went off the assembly line at the Highland Park Plant Wednesday night, July 11, establishing a new million production record.

Motor No. 7,000,000 was turned out January 17, of this year, so the company produced the last million motors in six days less than 6 months

Production at the start of that period was around 4,800 motors a day and on the increasing schedule in effect since has been brought up to more than 7,000. The average for the period was slightly above 6,711 a day for the 149 working days or an average of more than 166,670 a month.

Under its greatly increased manufacturing capacity the company was able to manufacture the last million motors in two months less time than the previous million. Motor No. 7,000,000 was produced eight months after the 6,000,000th motor passed off the assembly line which was on May 18, 1922, and nearly a year before that date, May 28, 1921, the 5,000,000 motor was turned out.

It was in 1915 when Ford Motor No. 1,000,000 was produced and under the steadily growing demand for Ford cars and trucks production has been mounting kearly and maintaining an annual output approximateing that of all other automobile manufacturers combined.

Production of the Ford Motor Co. continues to move up to new records. During the week ending Tuesday July 17, domestic assembly plants turned out 40,803 cars and trucks, the Ford News announces. The new record is 428 better than the previous high mark which was 40,375 for the week ending Tuesday, June 19. Fordson Tractor production for the week was 1,131. The Lincoln division of the company also set a new record for the week ending Tuesday with a total of 206 cars.

VINEBURG NEWS

The Stewart Fruit Company are still busy packing fruit at their plant at this point. This well known company have shipped direct east up to the present time, about 62 straight carloads with more to follow.

After spending six weeks in the Valley of the Moon and other parts of Sonoma county, Mr. and Mrs. A. Figone and family returned to their San Francisco home on Sunday.

There were 56 straight carloads of mill feed and grain switched in on Batto spur the first six months of 1923. Who says that Sonoma Valley don't feed its poultry and stock.

A large quantity of figs are being shipped from here daily.

On last Saturday evening under the rays of the glorious California moon light (not moonshine, just moonlight) a happy party of the young set enjoyed a weiner roast at Oak Knoll Canyon in Napa county. Present were Misses Sylvia and Virginia Picetti, Gladys Millard and Carola Felder, Messrs. Louis Picetti, Victor Millard Tom Palmer, Lewis and Mr. and Mrs. Frank Groskopf. All enjoyed a pleasant evening.

Ernest Figone, a rising young sales man with the Langley Michaels Co. of San Francisco, is spending his vacation with his grandparents, Mr. and Mrs. John Batto.

A number of fruit men have started to dry their surplus fruit.

Mr. and Mrs. J. G. Walters and Mr. and Mrs. Howard Hendry started on Monday afternoon for a 10 days' auto trip to the Sierra Nevadas and during their absence will visit at Lake Donner and Lake Tahoe and other points of interest in that country.

A pretty birthday party was tendered Miss Margeret McDevitt on last Sunday at the residence of Mr. and Mrs. Fred Batto. It was a family affair and the dining room was handsomely decorated, the colors being pink and white. An elaborate dinner was served and the popular young lady received many pretty gifts and the hearty congratulations of her relatives and friends.

It sure does my old heart good to read the snappy news items from sunny El Verano, penned by my versatile brother reporter, Archibald McKiver and published in the Sonoma Index-Tribune. Archie still keeps El Verano on the map in a manner which pleses all; his column is a credit to that flourishing burg. His items are up to date and embrace the social, political, sporting and industrial news of the day and are handled in an able manner.

POULTRY SCHOOL AT SONOMA COUNTY FAIR

Besies the other numerous events at the Sonoma County Fair and Egg Day celebration this year in Petaluma the Poultry Committee of the Sonoma County Farm Bureau, in co-operation with the Petaluma Chamber of Commerce, will hold a Poultry Institute, or poultry school.

The Poultry Institute will be an exposition of exhibits, addresses, demonstrations and facts by experts from the universities throughout the United States and the most expert and practical poultrymen in Sonoma county. The program is to cover such subjects as Poultry Breeding, Determining the Better Layers, Milk Products and Vitimins in Poultry Feeding, Modern Incubation, Marketing Your Products, Vaccination, Egg Laying Contests, What Sonoma County Poultrymen are Doing and How, Trapnesting, Beneficial and Injurious Hawks and Rodents which Infest Poultry Farms, Raising Chicks, Feeding for Increased Production, Fundamentals in Poultry Keeping and other subjects not yet programmed by the committee.

This is the first Poultry School attempted in connection with a fair and Egg Day, or any other similar demonstrations and one of the most important activities in connection with such an event, fully in keeping with the scientific poultry development, which is the primary object of the Egg Day celebration. With the great attendance of poultrymen and others affiliated with the industry, from all over the coast and nation the school is most opportune, and will be visited by thousands of poultrymen.

The institutes are free to all. Most of the program will be held at the high school auditorium outside of the Fair grounds and hatcheries, egg laying contest and on poultry farms, other demonstrations and lectures will be made at the Utility Poultry Show on the grounds The school is to last three days, commencing Wednesday, August 15th, at 9 a. m., at the High School Auditorium.

The entire program will be completed in a few days and will be sent on request.

Another important feature of the Fair and Egg Day will be the Utility Poultry Show confined entirely to the White Leghorns with 83 classes. Nine teen hundred entries are already in and more to follow.

SEBASTOPOL APPLE DAY AUGUST 11th

An equal chance at the prizes to be given for apple exhibits in Sebastopol on August 11th will be utilized by members of the Junior Farm Bureau in the Sebastopol District.

H. I. Schnabel, agricultural director at Analy High is in charge of the Junior exhibit and he assures the adult entrants that some keen competition may be looked for.

Friendly rivalry between farm centers in the Sebastopol district is creating considerable interest in the approaching apple day exhibits for August 11th.

Chairmen have been selected for the districts as follows: C. E. White for Forestville; William Hotle for Spring Hill; Henry Elphick for Pleasant Hill; Alfred Halberg for Graton; A. W. Banks for Occidental; W. N. Couch for Cunningham and Roblar; J. P. Kelly for Vine Hill.

H. P. Everett of the County Farm Advisor's office is in direct charge of the exhibit, all working through the Sebastopal Chamber of Commerce. The Chamber is providing a tent for the exhibit, also the prizes which will be awarded for individual plate exhibits, indivdual box exhibits, and combined district exhibits.

Entries are being rapidly signed and the winners in the Apple Day exhibit will be taken to the County Fair at Petaluma.

A dying wife in New Mexico owned up that she had gone through her husband's pockets regularly for nearly thirty years, and that she had purloined about $1,000 from him for pin money.

The Mountain Streams will wash your clothes!

THE harnessed horsepower of the Sierra streams is always ready to heat your iron or run your washing machine.

This power costs you surprisingly little. You buy it by the Killowatt Hour (K.W.H.) It is delivered the instant you order it, and the amount recorded on the electric meter.
